Day And Night Crack PC/Windows [2022]

----- Day and Night is a small, lovely Win 7 theme specially designed to offer you the these two moments on your desktop, all in one image. This whole scenery is completed by the Sky window color. So, if you want both day and night on your desktop to admire each time you take a look at it, then take this theme for a spin and see if you like it. Installing this theme is as easy as can be: you just have to double-click it and you'll get your new desktop in just seconds. Sky Color Each day will be represented by the sky color you choose in the "Sky Color" option. Fully customizable The color scheme of this theme is fully customizable. You can change the colors of the title bar, desktop, windows, icons, notification area, logon screen, and several more. Easy to customize Very easy to customize the colors of this theme. Why This theme was created because the sky is the most beautiful day and the least beautiful night! And this theme suits it very well. If you find this theme useful or you just want to thank me for

creating it, you can make a donation in my PayPal account (see link in the lower-right corner): Thanks in advance!
Xavier **DISCLAIMER:** It is a free theme. If you like this theme, you can donate me a coffee at: To donate more than a coffee, you can check out my other themes at: Please, contact me for any other help about this theme.
INSTALLATION: Double-click the file. Enjoy! **INSPIRATIONS** If you would like to use the Sky day and night for inspiration, I leave a link to my repository on Flickr for you to use. **USING THE THEME** All the settings are in the folder "My Themes". To edit the settings, just open the.ini
